| before 16:00  | Virtual arriving on wonder communication platform<br><a href="https://tinyurl.com/actinspaceDarmstadt">https://tinyurl.com/actinspaceDarmstadt</a><br>Required password will be provided 1 hour in advance via mail | Wonder        | All          |
| 16:00 – 16:15 | Last instructions on how to organize the pre-hackathon  |               | cesah staff  |
| 16:15 – 17:45 | Networking time   |               | Participants |
| 17:45 – 18:00 | Wrap-up and official closing  |               | cesah staff  |
| after 18:00   | Time to continue your networking  |               |              |

The pre-hackathon is a non-mandatory event organized for you. It's mainly designed to let you get in touch with other participants. During your discussions it might be easier for you to commit yourself to a given challenge and team.

In case you are not able to select a challenge you would like to work on, you're allowed to bring your own "space challenge". As a consequence, you would only be eligible for the national prizes not the international finals.
